WaterCheck™ Lite
SAMPLING INSTRUCTIONS

Step 1

Please read all of the instructions before starting.

Step 2

Freeze the blue ice pack. After the blue ice pack has been in your freezer for at least 8 hours, you can collect your water sample from an appropriate water faucet or spigot.

Step 3

Run the cold water for approximately 3-5 minutes, then adjust flow to a thin stream to avoid spashing or overfilling.

Fill the 500 mL plastic bottle to the neck, cap securly and return to the shipping container. (Bottle pictured to the right).

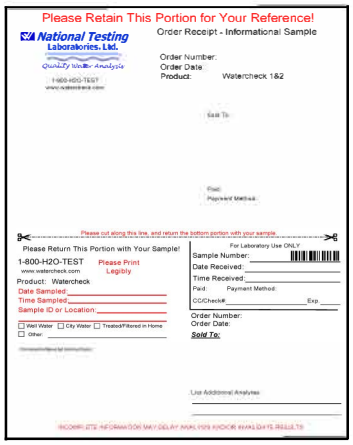

Step 4

Complete the enclosed lab form, making sure to indicate the collection date and time you sampled, type of water, and sample identification (e.g. kitchen sink, well head,ect.) Return the blue ice pack to the kit and place the kit back in the cardboard box with the completed lab form.

WaterCheck™ Lite
SHIPPING INSTRUCTIONS

Step 5

It is not necessary to ship by an overnight delivery service. Make arrangements to ship the kit by Ground service [or drop the kit off at our laboratory, Monday to Friday, 8:30 am to 5:00 pm] to the following address:

National Testing Laboratories
556 South Mansfield Street
Ypsilanti, MI 48197

Get Your Kit to Our Lab Faster by Purchasing Expedited Shipping from NTL.

Take advantage of reduced overnight and 2 day return shipping rates by purchasing United Parcel Service labels from National Testing Laboratories.

Call a Technical Sales Representative for details at **800-458-3330.**

NOTE: ***Testing & reporting takes approximately 5-7 business days. Heavily contaminated samples may take longer to process. Turnaround time can vary due to laboratory volume. Results will be emailed upon completion.***

NOTE: ***The lab reserves the right to reject water samples that appear to be excessively contaminated as they may cause potential damage to laboratory equipment.***

If you have any questions regarding this WaterCheck™ Lite Test or any other services we provide, please contact a Technical Service Representative at National Testing Laboratories at 1-800-458-3330 for assistance.

Thank you for choosing National Testing Laboratories, Ltd. for your water testing services!
